Number of Employees: Standing at 56,026 as of the End of 2016

Korea's combined marine equipment workforce stood at 56,026 persons in 2016. The figure represents a slight downward trend compared with 58,263 in 2015 and 58,881 in 2014.

The number of employees in Korea's marine equipment sector in 2016 was comprised of 18,147 in electric & electronics, 16,141 in engine & machinery, 15,728 in outfittings and 6,010 in hulls.

Workforce Trend 2004-2016

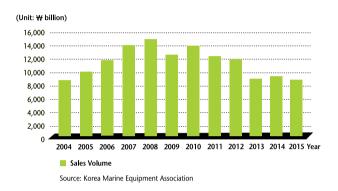

Sales Volume & Production

Sales Volume Rises to 9.76 Trillion Won

The sales volume of the 211 members of Korea Marine Equipment Association (KOMEA) reached 9.76 trillion won in 2014, compared with 9.4 trillion won in 2013. KOMEA members roughly account for 80% of total Korean marine equipment sales.

Sales Volume Trend 2004-2015

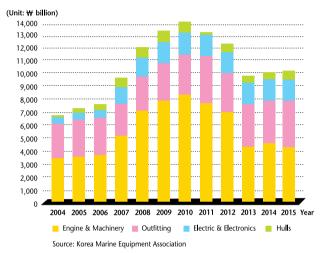

Marine Equipment Production & Supply

Production Crosses the 10 Trillion Won Level

KOMEA member companies posted 10 trillion won in marine equipment production in 2014, compared with 9.8 trillion won in 2013, which is estimated to represent about 80% of Korea's total marine equipment output.

Export Status of Korean Marine Equipment

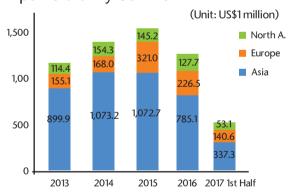

1. Exports by Year

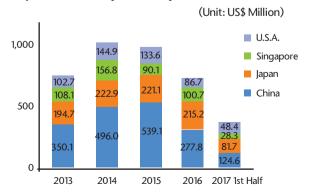

2013 2014 2015 2016 201

3. Export Status by Continent

4. Export Status by Country

1H Exports Amounted to US\$742 Million in 2016

Korean marine equipment exports reached US\$668.6 million during the first half of 2017. Considering the overall stagnation of the global market, total exports for all of 2017 are not seen to surpass last year's record of US\$1.44 billion.

Engine & Machinery Takes Lion's Share

Breaking down the Korean marine equipment exports during the January-June period this year, engine & machinery topped the list with US\$309.7 million, followed by outfittings at US\$160.2 million, electric & electronics at US\$129.5 million & hulls at US\$69.2 million.

Asia... The Largest Market

AsiacontinuedtobethelargestmarketforKoreanmarine equipment during the first half of this year. Korean shipments of marine equipment to Asia stood at US\$337.3 million during the first six months of 2017.

Europe was the second largest destination of Korean marine equipment with US\$140.6 million, followed by North America with US\$53.1 million, South America with US\$35 million, Oceania US\$12.4 million, etc.

China.. The Largest Importer

By country, China was the largest importer of madein-Korea marine equipment with US\$124.6 million during the January-June period of this year. It was followed by Japan with US\$81.7 million, USA with US\$48.4 million, Singapore with US\$28.3 million, etc.
